

Funding Sources for Local Charitable Groups

As mentioned in recent Chronicle article by Fred Heirs on August 29, the Citrus County Hospital Board (CCHB) has recovered funds which shall be considered for distribution to local not-for-profit groups located in Citrus County.

The CCHB is not limited in money distribution as the CCCCF, Inc. (group which provides dollars via a grant distribution process). The CCHB continues to fully support the CCCCF, Inc. efforts and encourages all groups to review their Grant process and apply accordingly.

The CCHB's next scheduled meeting is September 30, at 6pm in the Annex Building Conference Room, at 123 N Pine Ave, in Inverness, FL. Not-for-profit groups that would like to share their financial needs in hopes of being considered to receive supplemental funding must attend this meeting. At this meeting the group may provide no more than a three minute presentation offering information to CCHB Trustees. Prior to attending the meeting for presentation, the group will need to submit a two page written presentation to the CCHB. This document should include, name of organization, contact information, organization mission, and specific plan for utilization of funds. This document must be received no later than 5pm on September 24 to be considered for presentation to the CCHB Trustees.

The presentation document needs to be sent to: CCHB, PO Box 1030, Inverness, FL 34451. If more information is needed, please phone the CCHB office 352-341-2250.

CCHB looks forward to participating in offering financial support to local not for profit groups.

Debbie Ressler
CCHB Chairperson
